In addition, a student Board member shall be recognized at Board meetings as a full member, shall receive all materials presented to other Board members except those related to closed sessions, and may participate in questioning witnesses and discussing issues.

A student Board member may cast **preferential votes** on all matters except those subject to closed session discussion. Preferential votes shall be cast prior to the official Board vote and shall not affect the final numerical outcome of a vote. Preferential votes shall be recorded in the Board minutes.

A student Board member may make motions that may be acted upon by the Board, except on matters dealing with employer-employee relations and to student discipline.

A student Board member shall be entitled to be reimbursed for mileage to the same extent as other members of the Board.

Student Board Member Election/Selection

The student Governing Board member shall be appointed by the students of Lowell High School. Ideally, the Student Board member must be a senior (juniors are permitted to serve) by the year they are to take office and must meet the requirements of those running for Student Body President. The Student Board

member must have at least a 3.0 grade point average. The GPA will be computed from the third quarter grades.

Removal and/or Vacancy

The student Board member may be removed from office upon request of the Board of Trustees or for conduct deemed inappropriate or in violation of school conduct codes of any Constitutional Amendment, statute, law or by-law of the Associated Student Body.

If, for any reason, the student Board member position becomes vacant before December 1, another student Board member shall be elected to take office at the beginning of the second semester. If the vacancy occurs after December 1, the Student Body President shall act as student Board member for the remaining term of office with the approval of the Principal.

Board Member Ethics and Conflicts of Interest

No Board member will use his/her official position or office to obtain personal financial benefit or to avoid financial detriment for him or herself, relatives or household members, or for any business with which the Board member, a household member or a relative is associated.

This prohibition does not apply to any part of an official compensation package, honorarium allowed by ORS 244.042, reimbursement of expenses, or unsolicited awards of professional achievement. Further, this prohibition does not apply to gifts from one without a legislative or administrative interest. Nor does it apply if the gift is under the annual \$50 gift limit from one who has a legislative or administrative interest in any matter subject to the decision or vote of the Board member. District-provided meals at board meetings are acceptable under the reimbursement of expenses exception.

I. Conflicts of Interest

"Business" means any corporation, partnership, proprietorship, enterprise, association, franchise, firm, organization, self-employed individual or any legal entity operated for economic gain. This definition excludes any income-producing tax exempt 501(c) not-for-profit corporation with which a public official or a relative of the public official is associated only as a member or board director or in a nonremunerative capacity.

"Business with which a Board member or relative is associated" means any private business or closely held corporation of which a Board member or relative is a director, officer, owner, employee or agent or any private business or closely held corporation in which a Board member or relative owns or has owned stock, another form of equity interest, stock options or debt instruments worth \$1,000 or more at any point in the preceding year; any publicly held corporation in which a Board member or relative owns or has owned \$100,000 or more in stock or another form of equity interest, stock options or debt instruments at any point in the preceding calendar year; or any publicly held corporation of which a Board member or relative is a director or officer.

"Relative" means: 1) the Board member's or candidate's spouse¹, parent, step-parent, child, sibling, stepsibling, son-in-law or daughter-in-law; 2) the spouse of the Board member's or candidate's parent, stepparent, child, sibling, step-sibling, son-in-law or daughter-in-law.

"Member of the household" means any person who resides with the public official.

No Board member will solicit or receive, either directly or indirectly, any pledge or promise of future employment based on any understanding that the Board member's vote, official action or judgment would be thereby influenced.

No Board member will attempt to use or use for personal gain any confidential information gained through his/her official position or association with the district. A Board member will respect individuals' privacy rights when dealing with confidential information gained through association with the district.

¹The term spouse includes domestic partner.

If a Board member participates in the authorization of a public contract, the Board member may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

Individual Board members and the Board as a public entity are bound by the ethics laws for public officials as stated in Oregon law.

Potential Conflict of Interest

"Potential conflict of interest" means any action or any decision or recommendation by a Board member that could result in a financial benefit or detriment for self or relatives or for a business with which the Board member or relatives are associated, unless otherwise provided by law.

A Board member must publicly declare a potential conflict of interest. A Board member may, after declaring his/her potential conflict of interest, either vote or abstain on the issue. Abstaining from a vote does not meet the legal requirement of publicly stating a potential conflict.

Actual Conflict of Interest

"Actual conflict of interest" means any action or any decision or recommendation taken by a Board member that would result in a financial benefit or detriment to self or relatives or for any business with which the Board member or relatives are associated, unless otherwise provided by law.

A Board member must publicly declare an actual conflict of interest. The Board member may not vote lawfully if an actual conflict of interest exists unless a vote is needed to meet a minimum requirement of votes to take official action. Such a vote does not allow the Board member to participate in any discussion or debate on the issue out of which an actual conflict arises.

Class Exception

It will not be a conflict of interest if the Board member's action would affect to the same degree a class consisting of all inhabitants of the state, or a smaller class consisting of an industry, occupation or other group including one of which or in which the person, or the person's relative or business with which the person or the person's relative is associated, is a member or is engaged. For example, if a Board member's spouse is a member of the collective bargaining unit, the Board member may vote to approve the contract, as it will affect all members of that class to the same degree. However, if the collective bargaining unit is very small, the class exception may not apply. Similarly, if the contract contains special provisions that might apply only to particular persons, then the class exception may not apply. For example, if a Board member's approve is the only one in the bargaining unit that has a doctorate and there is a pay differential for employees with doctorates in the collective bargaining agreement, the Board member should not vote on the contract.

II. Gifts

Board members are public officials and therefore will not solicit or accept a gift or gifts with an aggregate value in excess of \$50 from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the Board member. All gift related provisions apply to the Board member, and their relatives, and members of their household. The \$50 gift limit applies separately to the Board member and to the Board member's relatives or members of household, meaning that the Board member, each member of their household and their relative can accept up to \$50 each from the same source/gift giver.

- 1. "Gift" means something of economic value given to a Board member without valuable consideration of equivalent value, which is not extended to others who are not public officials on the same terms and conditions.
- 2. "Relative" means: a) the Board member's or candidate's spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law; b) the spouse of the Board member's or candidate's parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law.

3. "Member of the household" means any person who resides with the Board member.

Determining the Source of Gifts

Board members should not accept gifts in any amount without obtaining information from the gift giver as to who is the source of the gift. It is the Board member's personal responsibility to ensure that no single source provides gifts exceeding an aggregate value of \$50 in a calendar year, if the source has a legislative or administrative interest in any matter subject to the decision or vote of the Board member. If the giver does not have a legislative/administrative interest, the ethics rules on gifts do not apply and the Board member need not keep track of it, although they are advised to do so anyway in case of a later dispute.

Determining Legislative and Administrative Interest

A legislative or administrative interest means an economic interest distinct from that of the general public, in any action subject to the decision or vote of a person acting in the capacity of a Board member. For example, everyone within a county has a general interest in the fire department, but the person who sells the uniforms to the fire department has a legislative/administrative interest in the fire department that is distinct from the general public.

Determining the Value of Gifts

The fair market value of the merchandise, goods, or services received will be used to determine benefit or value.

"Fair market value" is the dollar amount goods or services would bring if offered for sale by a person who desired, but was not obligated, to sell and purchased by one who is willing, but not obligated, to buy. Any portion of the price that was donated to charity, however, does not count toward the fair market value of the gift if the Board member does not claim the charitable contribution on personal tax returns. Below are acceptable ways to calculate the fair market value of a gift:

4. In calculating the per person cost at receptions or meals the payor of the Board member's admission or meal will include all costs other than any amount donated to a charity.

For example, a person with a legislative or administrative interest buys a table for a charitable dinner at \$100 per person. If the cost of the meal was \$25 and the amount donated to charity was \$75, the benefit conferred on the Board member is \$25. This example requires that the Board member does not claim the charitable contribution on personal tax returns.

- 5. For receptions and meals with multiple attendees, but with no price established to attend, the source of the Board member's meal or reception will use reasonable methods to determine the per person value or benefit conferred. The following examples are deemed reasonable methods of calculating value or benefit conferred:
 - a. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons whom the payor reasonably expects to attend the reception or dinner;
 - b. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons who actually attend the reception or dinner; or
 - c. The source calculates the actual amount spent on the Board member.
- 6. Upon request by the Board member, the source will give notice of the value of the merchandise, goods, or services received.
- 7. Attendance at receptions where the food or beverage is provided as an incidental part of the reception is permitted without regard to the fair market value of the food and beverage provided.

Value of Unsolicited Tokens or Awards: Resale value

Board members may accept unsolicited tokens or awards that are engraved or are otherwise personalized items. Such items are deemed to have a resale value under \$25 (even if the personalized item cost the source more than \$50), unless the personalized item is made from gold or some other valuable material that would have value over \$25 as a raw material.

Entertainment

Board members may not solicit or accept any gifts of entertainment over \$50 in value from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the Board member unless:

- 1. The entertainment is incidental to the main purpose of another event (i.e., a band playing at a reception). Entertainment that involves personal participation is not incidental to another event (such as a golf tournament at a conference); or
- 2. The Board member is acting in their official capacity for a ceremonial purpose.

Entertainment is ceremonial when a Board member appears at an entertainment event for a "ceremonial purpose" at the invitation of the source of the entertainment who requests the presence of the Board member at a special occasion associated with the entertainment. Examples of an appearance by a Board member at an entertainment event for a ceremonial purpose include throwing the first pitch at a baseball game, appearing in a parade and ribbon cutting for an opening ceremony.

Exceptions

The following are exceptions to the ethics rules on gifts:

- 3. Campaign contributions are not considered gifts under the ethics rules;
- 4. Gifts from "relatives" and "members of the household" are permitted in an unlimited amount; they are not considered gifts under the ethics rules;
- 5. Informational or program material, publications, or subscriptions related to the recipient's performance of official duties;
- 6. Contributions made to a legal expense trust fund if certain requirements are met;
- 7. Food, lodging, and travel generally count toward the \$50 aggregate amount per year from a single source with a legislative/administrative interest, with the following exceptions:
 - a. Organized Planned Events. Board members are permitted to accept payment for travel conducted in the Board member's official capacity, for certain limited purposes:
 - (1) Reasonable expenses (i.e., food, lodging, travel, fees) for attendance at a convention, fact-finding mission or trip, or other meeting do not count toward the \$50 aggregate amount IF:
 - (a) The Board member is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the district; AND
 - i) The giver is a unit of a:
 - a) Federal, state, or local government;
 - b) An Oregon or federally recognized Native American Tribe; OR
 - c) Nonprofit corporation.
 - (b) The Board member is representing the district:
 - i) On an officially sanctioned trade-promotion or fact-finding mission; OR
 - ii) Officially designated negotiations or economic development activities *where receipt of the expenses is approved in advance by the Board.*
 - (2) The purpose of this exception is to allow Board members to attend organized, planned events and engage with the members of organizations by speaking or answering questions, participating in panel discussions or otherwise formally discussing matters in their official capacity. This exception to the gift definition does not authorize private meals where the participants engage in discussion.
- 8. Food or beverage, consumed at a reception, meal, or meeting IF held by an organization and IF the Board member is representing the district. Again, this exception does not authorize private meals where the participants engage in discussion;

"Reception" means a social gathering. Receptions are often held for the purpose of extending a ceremonial or formal welcome and may include private or public meetings during which guests are honored or welcomed. Food and beverages are often provided, but not as a plated, sit-down meal;

- 9. Food or beverage consumed by Board member acting in an official capacity in the course of financial transactions between the public body and another entity described in ORS 244.020(6)(b)(I)(i);
- 10. Waiver or discount of registration expenses or materials provided to Board member at a continuing education event that the Board member may attend to satisfy a professional licensing requirement;
- 11. A gift received by the Board member as part of the usual or customary practice of the Board member's private business, employment or position as a volunteer that bears no relationship to the Board member's holding of public office.

Honoraria

A Board member may not solicit or receive, whether directly or indirectly, honoraria for the Board member or any relative or member of the household of the Board member if the honoraria are solicited or received in connection with the official duties of the Board member.

The honoraria rules do not prohibit the solicitation or receipt of an honorarium or a certificate, plaque, commemorative token or other item with a value of \$50 or less; or the solicitation or receipt of an honorarium for services performed in relation to the private profession, occupation, avocation or expertise of the Board member or candidate.

Board Member Ethics and Nepotism

In order to avoid both potential and actual conflicts of interests, Board members will abide by the following rules when a Board member's relative or member of the household is seeking and/or holds a position with the district:

- 1. A Board member may not appoint, employ, promote, discharge, fire, or demote or advocate for such an employment decision for a relative or member of the household, unless the Board member complies with the conflict of interest requirements of ORS Chapter 244;
- 2. This policy does not apply to decisions regarding unpaid volunteer positions unless it is a Board member position or another Board-related unpaid volunteer position (i.e. a Board committee position);
- 3. A Board member may not participate as a public official in any interview, discussion, or debate regarding the appointment, employment, promotion, discharge, firing, or demotion of a relative or member of the household. A Board member may still serve as a reference or provide a recommendation.

For the purposes of this policy, a "member of the household" means any person who resides with the Board member and "relative" means:

- 1. The Board member's spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law;
- 2. The spouse of the Board member's parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law.

Class Exception

It will not be a conflict of interest if the Board member's action would affect to the same degree a class including the Board member's relative or household member. For example, if a Board member's spouse is a member of the collective bargaining unit, the Board member may vote to approve the contract, as it will affect all members of that class to the same degree. However, if the collective bargaining unit is very small, the class exception may not apply. Similarly, if the contract contains special provisions that might apply only to particular persons, then the class exception may not apply. For example, if a Board member's apply differential for employees with doctorates in the collective bargaining agreement, the Board member should not vote on the contract.

Staff Ethics

I. Conflict of Interest

No district employee will use his/her district position to obtain personal financial benefit or avoidance of financial detriment or financial gain or avoidance of financial detriment for relatives, household members or for any business with which the employee, household member or relative is associated.

This prohibition does not apply to any part of an official compensation package, honorarium allowed by ORS 244.042, reimbursement of expenses, or unsolicited awards of professional achievement. Further, this prohibition does not apply to gifts from one without a legislative or administrative interest. Nor does it apply if the gift is under the \$50 gift limit for one who has a legislative or administrative interest in any matter subject to the decision or vote of the district employee.

District employees will not engage in, or have a financial interest in, any activity that raises a reasonable question of conflict of interest with their duties and responsibilities as staff members. This means that:

- 1. Employees will not use their position to obtain financial gain or avoidance of financial detriment from students, parents or staff;
- 2. Any device, publication or any other item developed during the employee's paid time shall be district property;
- 3. Employees will not further personal gain through the use of confidential information gained in the course of or by reason of position or activities in any way;
- 4. No district employee may serve as a Board or budget committee member in the district[.][;] [A district or charter school substitute bus driver in a district with an average daily membership of 50 or less may serve as a Board member;]
- 5. An employee will not perform any duties related to an outside job during his/her regular working hours or during the additional time that he/she needs to fulfill the position's responsibilities; nor will an employee use any district facilities, equipment or materials in performing outside work;
- 6. If an employee authorizes a public contract, the employee may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

If an employee has a potential or actual conflict of interest, the employee must notify his/her supervisor in writing of the nature of the conflict and request that the supervisor dispose of the matter giving rise to the conflict.

In order to avoid both potential and actual conflicts of interests, district employees must abide by the following rules when an employee's relative or member of the household is seeking and/or holds a position with the district:

- 1. A district employee may not appoint, employ, promote, discharge, fire, or demote or advocate for such an employment decision for a relative or a member of the household, unless he/she complies with the conflict of interest requirements of ORS Chapter 244. This rule does not apply to employment decisions regarding unpaid volunteer position, unless it is a Board-related position;
- 2. A district employee may not participate as a public official in any interview, discussion, or debate regarding the appointment, employment, promotion, discharge, firing, or demotion of a relative or a member of the household. An employee may still serve as a reference, provide a recommendation, or perform other acts that are part of the normal job functions of the employee;
- 3. More than one member of an employee's family may be hired as a regular district employee. In accordance with Oregon law, however, the district may refuse to hire individuals, or may transfer current employees, in situations where an appointment would place one family member in a position of exercising supervisory, appointment or grievance adjustment authority over another member of the same family. [Employees who are members of the same family may not be assigned to work in the same building except by the superintendent's approval.]

In the *conflict of interest context*, a "member of household" means any person who resides with the employee and "Rrelative" means:

- 1. The employee's spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-inlaw;
- 2. The spouse of the employee's parent, step-parent, child, sibling, step-sibling, son-in-law or daughterin-law.

II. Gifts

District employees must comply with the following rules involving gifts:

Employees are public officials and therefore will not solicit or accept a gift or gifts with an aggregate value in excess of \$50 from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. All gift-related provisions apply to the employee, and their relatives, and members of their household. The \$50 gift limit applies separately to the employee, and to the employee's relatives or members of household, meaning that the employee and each member of their household and relative can accept up to \$50 each from the same source/gift giver.

1. "Gift" means something of economic value given to an employee without valuable consideration of equivalent value, which is not extended to others who are not public officials on the same terms and conditions.

¹The term spouse includes domestic partner.

- 2. "Relative":
 - a. The employee's spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law;
 - b. The spouse of the employee's parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law.

3. "Member of the household" means any person who resides with the employee.

Determining the Source of Gifts

Employees should not accept gifts in any amount without obtaining information from the gift giver as to who is the source of the gift. It is the employee's personal responsibility to ensure that no single source provides gifts exceeding an aggregate value of \$50 in a calendar year, if the source has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. If the giver does not have a legislative/administrative interest, the ethics rules on gifts do not apply and the employee need not keep track of it, although they are advised to do so anyway in case of a later dispute.

Determining Legislative and Administrative Interest

A "legislative or administrative interest" means an economic interest, distinct from that of the general public, in any action subject to the official decision of an employee.

A decision means an act that commits the district to a particular course of action within the employee's scope of authority and that is connected to the source of the gift's economic interest. A decision is not a recommendation or work performed in an advisory capacity. If a supervisor delegates the decision to a subordinate but retains responsibility as the final decision maker, both the subordinate and supervisor's actions would be considered a "decision."

Determining the Value of Gifts

The fair market value of the merchandise, goods, or services received will be used to determine benefit or value.

"Fair market value" is the dollar amount goods or services would bring if offered for sale by a person who desired, but was not obligated, to sell and purchased by one who is willing, but not obligated, to buy. Any portion of the price that was donated to charity, however, does not count toward the fair market value of the gift if the employee does not claim the charitable contribution on personal tax returns. Below are acceptable ways to calculate the fair market value of a gift:

3. In calculating the per person cost at receptions or meals the payor of the employee's admission or meal will include all costs other than any amount donated to a charity.

For example, a person with a legislative or administrative interest buys a table for a charitable dinner at \$100 per person. If the cost of the meal was \$25 and the amount donated to charity was \$75, the benefit conferred on the employee is \$25. This example requires that the employee does not claim the charitable contribution on personal tax returns.

4. For receptions and meals with multiple attendees, but with no price established to attend, the source of the employee's meal or reception will use reasonable methods to determine the per person value

or benefit conferred. The following examples are deemed reasonable methods of calculating value or benefit conferred:

- a. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons whom the payor reasonably expects to attend the reception or dinner;
- b. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons who actually attend the reception or dinner; or
- c. The source calculates the actual amount spent on the employee.
- 5. Upon request by the employee, the source will give notice of the value of the merchandise, goods, or services received.
- 6. Attendance at receptions where the food or beverage is provided as an incidental part of the reception is permitted without regard to the fair market value of the food and beverage provided.

Value of Unsolicited Tokens or Awards: Resale value

Employees may accept unsolicited tokens or awards that are engraved or are otherwise personalized items. Such items are deemed to have a resale value under \$25 (even if the personalized item cost the source more than \$50), unless the personalized item is made from gold or some other valuable material that would have value over \$25 as a raw material.

Entertainment

Employees may not solicit or accept any gifts of entertainment over \$50 in value from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision of the employee unless:

- 7. The entertainment is incidental to the main purpose of another event (i.e., a band playing at a reception). Entertainment that involves personal participation is not incidental to another event (such as a golf tournament at a conference); or
- 8. The employee is acting in their official capacity for a ceremonial purpose.

Entertainment is ceremonial when an employee appears at an entertainment event for a "ceremonial purpose" at the invitation of the source of the entertainment who requests the presence of the employee at a special occasion associated with the entertainment. Examples of an appearance by an employee at an entertainment event for a ceremonial purpose include: throwing the first pitch at a baseball game, appearing in a parade and ribbon cutting for an opening ceremony.

Exceptions

The following are exceptions to the ethics rules on gifts that apply to employees:

- 9. Gifts from "relatives" and "members of the household" are permitted in an unlimited amount; they are not considered gifts under the ethics rules;
- 10. Informational or program material, publications, or subscriptions related to the recipient's performance of official duties;

- 11. Food, lodging, and travel generally count toward the \$50 aggregate amount per year from a single source with a legislative/administrative interest, with the following exceptions:
 - a. Organized Planned Events. Employees are permitted to accept payment for travel conducted in the employee's official capacity, for certain limited purposes:
 - (1) Reasonable expenses (i.e., food, lodging, travel, fees) for attendance at a convention, fact-finding mission or trip, or other meeting do not count toward the \$50 aggregate amount IF:
 - (a) The employee is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the district; AND
 - i) The giver is a unit of a:
 - a) Federal, state, or local government;
 - b) An Oregon or federally recognized Native American Tribe; OR
 - c) Nonprofit corporation.
 - (b) The employee is representing the district:
 - i) On an officially sanctioned trade-promotion or fact-finding mission; OR
 - ii) Officially designated negotiations or economic development activities where receipt of the expenses is approved in advance by the superintendent.
 - (2) The purpose of this exception is to allow employees to attend organized, planned events and engage with the members of organizations by speaking or answering questions, participating in panel discussions or otherwise formally discussing matters in their official capacity. This exception to the gift definition does not authorize private meals where the participants engage in discussion.
- 12. Food or beverage, consumed at a reception, meal, or meeting IF held by an organization and IF the employee is representing the district.

"Reception" means a social gathering. Receptions are often held for the purpose of extending a ceremonial or formal welcome and may include private or public meetings during which guests are honored or welcomed. Food and beverages are often provided, but not as a plated, sit-down meal;

- 13. Food or beverage consumed by employee acting in an official capacity in the course of financial transactions between the public body and another entity described in ORS 244.020(6)(b)(I)(i);
- 14. Waiver or discount of registration expenses or materials provided to employee at a continuing education event that the employee may attend to satisfy a professional licensing requirement;
- 15. A gift received by the employee as part of the usual or customary practice of the employee's private business, employment or position as a volunteer that bears no relationship to the employee's district employment;
- 16. Reasonable expenses paid to employee for accompanying students on an educational trip.

Honoraria

An employee may not solicit or receive, whether directly or indirectly, honoraria for the employee or any relative or member of the household of the employee if the honoraria are solicited or received in connection with the official duties of the employee.

The honoraria rules do not prohibit the solicitation or receipt of an honorarium or a certificate, plaque, commemorative token, or other item with a value of \$50 or less; or the solicitation or receipt of an honorarium for services performed in relation to the private profession, occupation, avocation, or expertise of the employee.

Code: **GBC-AR** sed/Reviewed:

Staff Ethics

District employees are allowed financial benefits as identified in ORS 244.040(2), such as their official compensation package, reimbursed expenses, limited honoraria and unsolicited awards for professional achievement. District employees are prohibited from using or attempting to use his/her district position to obtain a financial gain or to avoid a financial detriment for the district employee, a relative or member of the household of the employee, or any business with which the employee or a relative or member of the household of the employee is associated, if the opportunity for financial gain or avoidance of a financial detriment would not otherwise be available but for the employee's position with the district. Specifically, this means that:

- 1. Employees will not use district equipment for personal use, unless it is available to a significant segment of the general public. This includes, but is not limited to, the personal use of the district's:
 - a. Fax machine¹;
 - b. Phones to make long distance personal calls;
 - c. District vehicles;
 - d. Professional technology equipment (e.g., wood shop, automotive shop, CAD); and
 - e. Athletic facilities (e.g., pool or weight room).

Further, the district's supplies, facilities, equipment, employees, records or any other public resources are not to be used to engage in private business interests. For example, the district's computer cannot be used to sell products on an auction website during school hours.

- 2. When employees are traveling on official district business, any gift given because of this travel must be either declined or passed on to the district for use for future district travel. For example, if the hotel where the employee is staying gives the employee a free night's stay on a future visit, this must be declined or given back to the district for future district travel. The frequent flyer miles earned when traveling on official district business can only be used for district travel. If the employee's spouse is traveling with the employee, the employee is responsible for all additional charges (i.e., additional room charge).
- 3. Employees may not use personal credit cards for district travel or other district business and receive incentives such as cash reimbursements, frequent flyer miles and other benefits based upon the dollar amount of purchases made.
- 4. Employees may not use discounts offered by private companies for the employee's personal benefit if the discount is only offered because of the employee's official position. For example, an office supplies store provides all teachers a 10 percent discount. Because the teachers are receiving this discount only because of their official position, they cannot use the discount to purchase personal items. Teachers may use the discount to purchase items for district use. Employees can also accept

¹The district could establish a fee schedule that would allow only district employees to pay for the personal use of the district fax machines. If the district established a fee schedule for the use of fax machines the fee schedule must be equal to or exceed the prevailing rates offered at commercial businesses.

the discount if it is also available to a substantial segment of the population who are not public officials.

- 5. Employees may accept free passes to district extracurricular events if they are attending these events in their official capacity (i.e., chaperoning, ticket sales or managing concession sales). In order to promote employee participation in extracurricular activities, the district may include free passes in employees' official compensation packages or employees may be reimbursed by the district for the cost of admission.
- 6. The employee's district position is not to be used to take official action that could have a financial impact on a private business with which, the employee, or a relative or member of the employee's household are associated. For example, if the employee's brother owns a pest-control business which is seeking a contract with the district, the employee must declare an actual conflict of interest in writing, describing the nature of the employee's conflict, and provide this to the employee's supervisor.
- 7. Confidential information gained as a district employee is not to be used to obtain a financial benefit for the employee, a relative or member of the public official's household or a business with which any are associated. For example, the employee should not use the information that a student in his/her class is falling behind in math to provide the parents a referral to the employees' sister's tutoring business.
- 8. District employees who mentor student teachers may not receive direct payments from sponsoring colleges or universities. The payment may be provided by the college or university to the district, which can then distribute the compensation to the teachers as an element of their official compensation package.
- 9. District employees must follow Oregon Government Ethics Commission guidelines for outside employment if the employee acts as a chaperone for student group trips on personal time and the district employee accepts compensation in the form of travel expenses from a private business or organization. Specifically, district employees must conduct all activities related to the trip on personal time and cannot use the classroom or school environment to plan the off-campus trip. Employees may use district facilities for this purpose only if they comply with the district's public use of facilities policy. It is not an ethics violation to accept reasonable expenses for accompanying students on an education trip.

These restrictions do not apply if the teacher is chaperoning students on a fact-finding mission that is officially sanctioned by the Board. The definition of a "fact-finding mission" is, in part, any activity related to a cultural or educational purpose. *See* OAR 199-005-0020(3)(a). The district employee must be directly and immediately associated with the event or location being visited. If a district employee only acts as a chaperone and does not provide instruction or guidance for the students in language usage or cultural events, the trip may not meet the requirements of ORS 244.020(6)(H)(i). Further, the employee can only accept the reimbursement of reasonable travel expenses from the private company, not any further compensation.

These restrictions do not apply if the district compensates the district employee for chaperoning the trip.

Sexual Harassment

The Board is committed to the elimination of sexual harassment in district schools and activities. Sexual harassment is strictly prohibited and shall not be tolerated. This includes sexual harassment of students, or staff or third parties by other students, staff, Board members or third parties. "Third parties" include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control at interdistrict and intradistrict athletic competitions or other school events. "District" includes: district facilities; district premises and nondistrict property if the student or employee is at any district-sponsored, district-approved or district-related activity or function, such as field trips or athletic events, where students are under the control of the district; or where the employee is engaged in district business. The prohibition also includes off duty conduct which is incompatible with district job responsibilities.

Sexual harassment of students and staff shall include, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature when:

- 1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
- 2. Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff;
- 3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance or with an employee's ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subjected to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.

Examples of sexual harassment may include, but not be limited to, physical touching or graffiti of a sexual nature; displaying or distributing of sexually explicit drawings; pictures and written materials; sexual gestures or obscene jokes; touching oneself sexually or talking about one's sexuality in front of others; or spreading rumors about or rating other students or others as to appearance, sexual activity or performance.

All complaints about behavior that may violate this policy shall be promptly investigated. Any student or employee who has knowledge of conduct in violation of this policy or feels he/she is a victim of sexual harassment must immediately report his/her concerns to the principal, compliance officer or superintendent, who has overall responsibility for all investigations. A student may also report concerns to a teacher, counselor or school nurse, who will promptly notify the appropriate district official. The student and the student's parents or staff member who initiated the complaint shall be notified of the findings of the investigation and, if appropriate, that remedial action has been taken.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect the educational assignments or study environment of a student complainant or any terms or conditions of employment or work environment of the staff complainant. There shall be no retaliation by the district against any person who, in good faith, reports, files a complaint or otherwise participates in an investigation or inquiry of sexual harassment.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop the sexual harassment, prevent its recurrence and address negative consequences. Students in violation of this policy shall be subject to discipline up to and including expulsion and/or counseling or sexual harassment awareness training, as appropriate. The age and maturity of the student(s) involved and other relevant factors will be considered in determining appropriate action. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional sexual harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or Board.

Additionally, the district may report individuals in violation of this policy to law enforcement officials. Licensed staff, staff registered with the Teacher Standards and Practices Commission (TSPC) and those participating in practicum programs, as specified by Oregon Administrative Rules, shall be reported to TSPC.

The superintendent shall ensure appropriate periodic sexual harassment awareness training or information is provided to all supervisors, staff and students and that annually, the name and position of district officials responsible for accepting and managing sexual harassment complaints, business phone numbers, addresses or other necessary contact information is readily available. This policy as well as the complaint procedure will be made available to all students, parents of students and staff [in student/parent and staff handbooks]. The district's policy shall be posted in all [grade 6 through 12] schools. Such posting shall be by a sign of at least 8 1/2" by 11".

The superintendent will establish a process of reporting incidents of sexual harassment.

¹The American with Disabilities Act definition of "service animal" means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. The law and its regulations also make an allowance for miniature horses.

²The district may request this information if the nature of the work or task the assistance animal is trained, or is being trained to do or perform, is not readily apparent.

Use of Restraint and Seclusion

The Board is dedicated to the development and application of best practices within the district's public educational/behavioral programs. It is the intent of the Board to establish a policy that defines the circumstances that must exist and the requirements that must be met prior to, during and after the use of physical restraint and/or seclusion as an intervention with district students.

Definitions

- 1. "Physical restraint" means the restriction of a student's movement by one or more persons holding the student or applying physical pressure upon the student. "Physical restraint" does not include touching or holding a student without the use of force for the purpose of directing the student or assisting the student in completing a task or activity. The definition of "physical restraint" does not include the use of mechanical, chemical or prone restraint of a student as these methods are prohibited by Oregon law.
- 2. "Seclusion" means the involuntary confinement of a student alone in a room from which the student is physically prevented from leaving.

Seclusion does not include the removal of a student for a short period of time to provide the student with an opportunity to regain self-control, in a setting from which the student is not physically prevented from leaving.

- 3. "Serious bodily injury" means any significant impairment of the physical condition of a person, as determined by qualified medical personnel, whether self-inflicted or inflicted by someone else.
- 4. "Mechanical restraint" means a device used to restrict the movement of a student or the movement or normal function of a portion of the body of a student.

The use of physical restraint and/or seclusion is only permitted as a part of a behavioral support plan when other less restrictive interventions would not be effective and the student's behavior poses a threat of imminent, serious physical harm to the student or others.

Except in the case of an emergency, only staff current in the required training in accordance with the district-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student. In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee [or volunteer] as necessary when the student's behavior imposes a reasonable threat of imminent, serious bodily injury to the student or to others. The use of physical restraint or seclusion under these circumstances is only allowed so long as the student's behavior poses a threat of imminent, serious physical harm to themselves or to others. Any student being restrained or secluded within the district whether in an emergency or as a part of a plan shall be constantly monitored by staff for the duration of the intervention. Any room used for seclusion of a student must allow staff full view of the student in all areas of the room and be free of potentially hazardous conditions such as unprotected light fixtures and electrical outlets meet the standards as outlined in OAR 581-021-0568.

The district shall utilize the [] training program of physical restraints and seclusion for use in the district. As required by state regulation, the selected program shall include: behavioral support, prevention, de-escalation and crisis response techniques. Any program selected by the district must be in compliance with state and federal law with respect to the use of restraint and/or seclusion.

An annual review of the use of physical restraint and seclusion during the preceding school year shall be completed and submitted to the Superintendent of Public Instruction to ensure compliance with district policies and procedures.

The results of the annual review shall be documented and shall include at a minimum:

- 15. The demographic characteristics of all students upon whom physical restraint and/or seclusion was imposed;
- 16. The total number of rooms available for use by the district for seclusion of a student and a description of the dimensions and design of the rooms.

This report shall be made available to the Board and to the public at the district's main office and on the district's website.

At least once each school year the public shall be notified as to how to access the report.

The district shall investigate all complaints regarding the use of restraint and/or seclusion practices according to the procedures outlined in Board policy KL and KL-AR - Public Complaints.
