## Lowell, Fall Creek Education Foundation's Strategic Plan

The Lowell, Fall Creek Education Foundation is committed to building positive relationships between our District and our community which support the academic, athletic and artistic achievement of the students served by Lowell School District.

The goals and objectives reflect the belief that the Foundation will provide supplementary support to the programs and services provided to students, teachers and families of the Lowell School District.

Specific goals and objectives are:

- Acquire resources by developing partnerships with Alumni and Friends of the District, with businesses and with foundations;
- Distribute Foundation resources through scholarships and priority “dream big” projects; and,
- Provide supplemental educational programs and opportunities that serve the families of Lowell School District and the Lowell/Fall Creek Community.

## Foundation “Dream Big” Projects

### Mini-Grants for Teachers

Some of the proceeds from last year's Hall of Fame event were used to establish a Mini-Grant for Teachers program. Six \$250 grants were awarded that will benefit students throughout the District not only for the current year but for years to come. If you would like to support this program, please designate this project on your donor form or contact the District for more information.

### Announcer's Booth

This project is a perfect example of the collaboration between the Foundation and the District to bring individuals and businesses together. Donations of time, materials and money were generously given, resulting in a safe, functional asset that will serve for decades to come. Thanks to all of you who helped us make this happen!

### Imagination Library Program

All pre-school children who live within the Lowell School District boundary are eligible to receive a free book each month until they turn six years old. Since early literacy is important for all children, the Foundation took on this program and is sending 30 books each month to pre-school kids at no cost to parents. Register your preschooler now!

### We need your help!

These are just a few of the many initiatives the Foundation is supporting. Other high priority projects include: replacing the stage curtains at LHS, new drama equipment and lights, portable bleachers for the football field and much more!
