

# Lundy Elementary Improvements/Upgrades

## Security and safety upgrades:

- Centralized magnetic door controls for lockdowns
- Site access controls and security cameras
- Seismic improvements to facility and equipment, including anchoring
- Sprinklers and other fire suppression, safety systems
- Electronic door entrances to limit access to students, staff and authorized visitors
- Replacement of old interior and exterior doors with locking doors compliant with security criteria
- ADA improvements for safe access for all students
- Renovation to entry and main office, to limit access to school via office area only

## Improvements for adequate learning spaces include:

- Addition of kindergarten and pre-kindergarten classrooms, with bathrooms
- Indirectly, improved efficiencies will allow funds for programming and staffing to be used there, instead of for facilities

## Renewal and replacement of vital building systems focus on efficiency measures and addressing maintenance needs:

- Plumbing and electrical updates for safety and efficiency
- Replace classroom lighting – some of which is 70 years old – with brighter, energy-saving LEDs
- Repairs to seriously deteriorated areas of both facilities
- Replacement of asbestos and broken and deteriorated flooring
