

## Weekly Update!

It has been another fun filled week at Lowell School District! Our teachers and students are enjoying Tuesday Trivia with Ms. Edgerton! Kinder through 3<sup>rd</sup> graders are enjoying some fun outside, having yummy lunches in the gym and continuing to learn and grow! Please be on the lookout for a couple of things coming from Lundy Elementary: Information on a virtual Title Night will be coming soon! This is always a fun and informative event and this year will be no different. Also, report cards are being mailed out today. Check those mail boxes! Remember that we are not only focusing on letter grades but growth and engagement.

Hopefully you are all staying up to date on our Food Service Delivery Schedules! Tomorrow is our last Friday for drive through and then it will move to Tuesday, November 17. You will receive enough food for each kiddo for Friday to Tuesday when the next pick up will occur. Turkeys are coming! Each family with children will receive a Turkey for the holiday. Be sure to get yours!

As always, we are changing, adjusting and making accommodations for the latest in requirements, safety, and protocols. Our goal is to get all of our students back in their classrooms. Below is the most current look at the Metrics Update. You can see where our district falls during the most current look back. We are monitoring conditions in order to plan for the future, however, even with updated and relaxed requirements, we are not yet able to change our current operations.

Have a great week, be safe, healthy and kind!

Metrics Update Two Week Look Back Weeks: 10/25 –11/07					
Metrics & Models	Lane County Rates	On-site	On-Site and Distance Learning	Transition <b>WE ARE HERE!</b>	Distance Learning
County Case Rate Per 100,000 People Over 14 Days	133.6 (Increase from previous week)	<50.0	50.0--<100.0	100.0--≤200.0	>200.0
County Test Positivity	7.6%	<5%	5% to <8%	8% to ≤10%	>10%
Instructional Model	Transition	Prioritize On-Site or Hybrid (as needed to maintain small cohorts) instructional models	Prioritize careful phasing in on On-Site or Hybrid starting with K-3 and adding additional grades up to grade 6. Middle and High CDL with allowable LIPI. Over time, if elementary schools can demonstrate the ability to limit transmission in the school environment <sup>3</sup> , transition to On-Site or Hybrid.	Consider transition to CDL with allowable LIPI.  For counties with an upward case/positivity trend (entering from a lower risk category), school officials should discuss with their LPHA and consider the spread of COVID-19 within schools and the local community in deciding whether to return to CDL <sup>4</sup>  Schools in counties with downward case/positivity trend must remain in CDL until they drop into the "on-Site and Distance Learning" category or lower.	Implement CDL with allowable LIPI only.
