Parents and Guardians,

January 25, 2021

As we welcome back our K-6 students, we wanted to inform you that there are several food service choices available to your children who are either in-school learning, distance learning, or home schooling. Currently the Lowell School District is operating food service under a USDA waiver that extends the summer food program. This waiver enables Lowell School District to provide food services to all children 18 years and younger. This waiver is currently set to expire on June 30, 2021.

In-School Learning

All in-school learning students will have breakfast and lunch served in school. All meals served will be **FREE OF CHARGE** to all in-school students Monday through Friday.

Distance Learners and All Other Children

Any students who are distance learning, or children not enrolled in school who are 18 years and younger, have two options for food service – Lundy Drive Through and Bus Route Delivery.

Lundy Drive-Thru

The Lundy Drive-Thru operates each Tuesday from 11am to 1pm., Families will receive meals for seven days for each distance learner or child 18 and younger not enrolled in school. **You cannot pick up food at the drive through for students receiving meals in school.**

Bus Route Delivery

The bus route delivery will operate each day Monday through Friday. One designated route will go out each school day. This delivery will provide seven days' worth of meals for all distance learners and for children not enrolled in school who are 18 years and younger. You can pick up food from the route closest to you or meet another route stop that works better for you and your family.

Disclaimer: *You cannot pick up food from the routes and the drive through. Please choose what works best for you and your family. In-school learning students are served meals free of charge during the school day. **You cannot pick up food at the drive through or the route stops for students receiving meals in school.***

CACFP Nutrition Education and Student Enrichment Activities

There are many fun and creative ways to keep children busy. Log into the Lowell School District website, and then click the link for menus and nutrition from the Resources section. You will be directed to the food service website. Once there, browse around or go to the nutrition education tab. You will find many fun games and informative content on nutrition and health. Children can explore and learn as they eat their after school snack.

For questions or information, please call the food service department at 541-554-4969.
