

Hello Lowell Families and Community!

This has been a week of great strides towards normalcy in the Lowell School District! The county is seeing lower numbers of positive Covid cases! We can hope for small steps in the re-opening of our county if the trend continues.

The start of hybrid, in person learning for our high school has been exceptional! Students and staff alike were excited to be back. B cohort students should be at school by 9:10 am on Monday, February 22nd, for their first day of in-person school. Contact the office at 541.937.2124 if you have any questions. If you are in cohort B and have not yet been contacted by the transportation department regarding your route and pick-up time, please call 541.937.5070.

Football has been practicing since last week. With approval from the state to play, the first game is March 5th, Lowell vs. Monroe, at 7pm. Unfortunately, no fans are allowed at this time, due to state regulations.

Volleyball and Cross Country are scheduled to start on Monday. Due to county guidance, volleyball will take place in a limited capacity indoors. Due to the number of Covid cases decreasing, we are hopeful that that volleyball can hold normal practices soon.

Lundy Elementary is chugging right along with full-time in person learning. Things are going smoothly and our biggest challenge is all of the new students wanting to find a home here in Lowell School District! It is a great problem to have!

Food service drive thru and routes are still operating. The service remains free to all children 18 and under who are not enrolled in school or who are distance learning. If your student is enrolled at Lowell Jr/Sr High School, when they are in their distance learning week and not physically at the school, food can be picked up for that week. Food service is working on developing a pick up/service for weekend food for the students who are in school. We will have an update on that coming soon!

Please remember, masks are not optional. From the moment our students arrive on campus, they must wear their masks. Students must keep their masks on at all times unless their teacher is providing a "mask break" or the student is sitting down, having a meal. Thank you for your help and support in following this guidance. We are doing all we can to ensure our ability to keep our doors open to our students!

As always, stay safe, healthy and kind!
