

Hello Lowell Families and community,

That time of year is upon us when inclement weather and poor road conditions occur. We will do our best to make decisions regarding school closures that meet the safety needs of our staff, students and community. Regardless of the decision made by the district, if the weather prohibits your student from safely traveling to and from school, please make your decision accordingly. Student safety is the top priority. If you are wanting to stay up to date on school closures, you are welcome to sign up for Flash Alert at <https://www.flashalert.net/signup/>. Changes in start times and closures will also be broadcast on local news stations. We will also send our "robo-calls" to all registered phone numbers. If you have questions about whether your phone number is registered, please contact the Lowell High School office.

For the most up to date information regarding attendance, grades, and graduation progress, make sure to check out ParentVUE and StudentVUE through Synergy. All students have been setup with StudentVUE, and if you haven't been able to setup a ParentVUE account yet, please call the office at 541.937.2124 or stop by. We are happy to help!
