Winter Sports signups are happening now at the high school.

Chronic absenteeism is a problem across our nation. Statistics show that absenteeism in children in early grades are particularly susceptible to falling behind in fundamental reading skills, which can have a snowball effect that impacts future learning. The negative effects of absenteeism on students can be profound and carry into adulthood. Let's all work together to give the students of Lowell every opportunity to be successful by ensuring that they attend school each day.

Stay safe, healthy, and kind!
