

Hello Lowell Families and Community,

Lundy successfully got through their first week of State testing! Great job to all the testing kiddos! Now we are onto week two.

Our ABC countdown is in full swing. Don't forget to look at the calendar for each day's events.

A Kona Ice flyer should have come home with each student earlier this week. There is a QR code on the flyer for you to prepay for your student to get an ice on May 22! It also gives you the option to pay it forward if you are interested in sponsoring another student.

Come support our Spring athletes at these big events this week:

- **Softball** League Playoffs - Tuesday, May 14, and Thursday, May 16. See the bracket (posted on Facebook) for more details. Seeding will be finalized at the conclusion of all league games. Gate fees will be charged for all playoff games per league rules.
- **Junior High Track** Districts - Wednesday, May 15, at Junction City High School beginning at 11:00am.
- **Baseball** Senior Night - Wednesday, May 15, before the 4:30pm game vs. Camas Valley.
- **High School Track** State Championships - Thursday, May 16, beginning at 10:00am and Friday, May 17, beginning at 2:30pm. at Hayward Field.

We have exciting news regarding our Community Renewable Energy Grant Application! We previously received a grant for planning, and we are just finishing up that portion of the project. We are now finalizing our application for the construction portion. If we are fortunate enough to be rewarded with the construction grant, we will be installing a solar panel system, that includes a micro grid and inverter. This will benefit the district by allowing us to reduce our electrical service loads and have back-up services at the high school in case of power outages. Keep an eye out for updates as we will continue through this process.

Stay safe, healthy, and kind!
